Prof. ~~S.~~ Spangler = $\mp 1 \frac{8}{10} \leftrightarrow$

Comments - $\mp 9 \frac{1}{2} \frac{1}{2}$

naïve teleological basis

what is cultural?

food habit

presenting and mounting

(Territoriality)

search for food

search for mates

avoidance of enemies

non sexual season / time

no predator

Zuckerman, chance

Carpenter

(Dominance hierarchy
no fight)

sexual primacy concern to conservation of group

that is public festival, not private

open, not closed

but not promiscuous, consort relationship

matrilocal, matrilineal — mother female group

leader of group = patrilineal, not harem

{ central female group

{ peripheral female group
